Dear Mr. Kieling:

The Groundwater Investigations Focus Area will begin quarterly groundwater sampling of Regional Wells R-19, CdV-15-3, and R-15, on or about September 21, 2000 through October 15, 2000. Wells R-19 and CdV-15-3 are Westbay monitoring systems and each monitoring zone will be sampled and analyzed. Well R-15 is a single completion well. This sampling is being completed as part of the Laboratory's Hydrogeologic Work Plan.

Samples will be collected as shown in the enclosed Table. If you have any questions or concerns please feel free to give me a call at (505) 667-0819.
