SUBJECT: SAMPLING NOTIFICATION

Dear Mr. Young:

The Los Alamos National Laboratory (LANL) Environmental Stewardship-Remediation Services Project is planning to conduct sampling in accordance with the Assessment Plan for Solid Waste Management Unit (SWMU) 03-013(i) (LA-UR-04-678). The sampling is scheduled to begin following the removal of potentially contaminated soil from the site on or about April 20, 2005.

The Assessment Plan will be used to guide the sampling of areas potentially contaminated by former Laboratory operations at the site, as summarized in the attached table.

If you have any questions regarding this sampling, or to arrange a site visit, please contact Roy Bohn at (505) 665-5138.

Sincerely,

Gabriela Lopez Escobedo
