**Subject:** 15-day notification for work at Mortandad PRB

This email is a 15-day notification of the initiation of field activities at the permeable reactive barrier in Mortandad Canyon. These activities are expected to begin on or shortly after August 4, 2006. The schedule activities include the following:

- subsidence mitigation activities
- water-level measurements
- sampling of alluvial groundwater and reactive media from the PRB cells
- slug testing of monitoring wells in the barrier

Please feel free to contact me at 7-6333 if you have any questions.

- Danny
