Dallas, Texas 75202-2733

Dear Ms. Driscoll:

Please find attached a memo addressing the site ranking system review for Operable Unit 1129. Allyn Pratt, the Operable Unit Project Leader, agreed that the ranking was accurate in his opinion, and stated he would be glad to speak with you in more detail regarding their rationale and so forth.

I am sorry this has taken so long. If you have any questions or concerns, please call me at the number listed above, or call Allyn at 505-667-4308.

Sincerely,

David Bradbury

**Site Ranking System Review for Operable Unit 1129**

At your request I have reviewed the work done to compile the scores of the site ranking system. After speaking with the individuals who did the work and attended the meetings, I find no problems or irregularities. It is my opinion that the results represent an accurate ranking of the potential release sites in Operable Unit 1129 according to the system used.

Please call Curt Thomson (662-1812) of my staff if you have further questions.
