TO : C. A. Reynolds, ENG-4

DATE: January 18, 1965

RECEIVED JAN 18 1965

FROM : *R. Reider*  
Roy Reider, Safety Director

SUBJECT: CLEAN-UP OF TA-9, ANCHOR EAST

SYMBOL : H-3 Safety Office

REFERENCE : Letter of January 8, 1965, Courtright, H-3, to Reynolds, ENG-4,  
subject: as above.

1423  
TA 09

As further endorsement of referenced memorandum it is our opinion that abandoned structures, including that part below grade, where hazardous materials have been handled, should be completely removed during the time the using generation is still around.

For that part of the work requiring special procedures W. C. Courtright may be consulted by your project engineer in their preparation.
