RE: Review schedule for Resource Conservation and Recovery Act Facility Investigation (RFI) Workplans 1136, 1085, 1082, 1100 and 1154

Dear Ms. Driscoll:

We are in receipt of your letter of July 19, 1994, setting the dates by which you will need comments from the Hazardous and Radioactive Materials Bureau (HRMB) for incorporation into EPA's notices of deficiency to the Department of Energy. HRMB will attempt to meet the schedule you propose.

AIP and RCRA Permitting and Technical staff have reviewed the RFI workplan for Operable Unit 1136 and have no concerns or comments regarding the workplan at this time.

If you have any questions regarding these matters please contact me at (505) 827-4358 or Barbara Hoditschek, or Ron Kern at (505) 827-4308.

Sincerely,

Benito J. Garcia, Chief
Hazardous and Radioactive Materials Bureau
