**SUBJECT: TRANSMITTAL OF REQUESTED COPIES OF ENVIRONMENTAL RESTORATION PROJECT DOCUMENTS**

Dear Mr. Kieling:

Pursuant to your August 30, 1999 facsimile message to Mr. David McInroy and Dr. Paul Schumann of the Los Alamos National Laboratory (LANL or the Laboratory) Environmental Restoration (ER) Project staff, the New Mexico Environment Department Hazardous and Radioactive Materials Bureau (NMED-HRMB) has requested additional copies of nineteen Operable Unit Work Plans (OUWPs) that had previously been transmitted to the NMED-HRMB on different dates. In addition, you verbally requested two RCRA Facility Investigation (RFI) Reports from Dr. Schumann by telephone on August 31, 1999. These documents likewise had been transmitted previously to the NMED-HRMB. The following five documents were delivered to your staff earlier today:

- RFI Work Plan for Operable Unit 1082, LANL ER Project, July, 1993, LA-UR 93-1196
- Addendum 1 to the RFI Work Plan for Operable Unit 1082, LANL ER Project, July, 1994, LA-UR 94-1580
- Addendum 2 to the RFI Work Plan for Operable Unit 1082, LANL ER Project, July, 1995, LA-UR 95-1038
- RFI Report for Potential Release Sites at TA-16 [8 sites], LANL ER Project, September, 1997, LA-UR 97-3072
- RFI Report for Potential Release Sites at TA-16 [5 sites], LANL ER Project, September, 1997, LA-UR 97-3770

As discussed, we plan to provide you the remaining OUWP copies you requested in phases, as resources permit. If you have any questions, please contact Dave McInroy at (505) 667-0819 or Paul Schumann at (505) 667-5840.

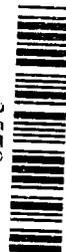

Sincerely,

Julie A. Canepa, Program Manager  
 Los Alamos National Laboratory  
 Environmental Restoration

Sincerely,

Theodore J. Taylor, Program Manager  
 Department of Energy  
 Los Alamos Area Office
