**Subject:** RE: PCI-2 proposed design

David,

This email serves as NMED approval for installation of intermediate aquifer well PCI-2 as proposed in the document attached to the original email received by NMED today (March 27, 2009 at 9:11 AM). This approval is based on the information available to NMED at the time of the approval. NMED understands that LANL will provide the results of preliminary sampling, any proposed modifications to the well design proposed in the above-mentioned email, and any additional information related to the installation of well PCI-2 as soon as such information becomes available.

Thanks

**Subject:** PCI-2 proposed design

Gentlemen,

Attached is LANL's proposed design for completing a single-screen well at PCI-2. Please review the proposed well design and provide your comments and approval by e-mail. Please contact Danny Katzman or me if you have any questions or concerns.

Thanks,

Dave
