FENCE CANYONS AGGREGATE AREA  
LOS ALAMOS NATIONAL LABORATORY  
EPA ID#NM0890010515  
HWB-LANL-11-043**

Dear Messrs. Maggiore and Mousseau:

The New Mexico Environment Department (NMED) is in receipt of the United States Department of Energy (DOE) and the Los Alamos National Security, L.L.C.'s (collectively, the Permittees) document entitled *Request for Extension to Submit the Phase II Investigation Work Plan for Potrillo and Fence Canyons Aggregate Area* dated June 13, 2014 and referenced by EP2014-0234.

The Permittees are requesting a fourth extension to submit the Phase II Investigation Work Plan for Potrillo and Fence Canyons Aggregate Area (IWP). The first extension moved the submission date from June 14, 2012 to June 14, 2014 and the subsequent two extensions moved the date to September 30, 2013 and June 30, 2014, respectively. NMED has granted extensions based on the Permittees' need to divert resources to remove transuranic waste in accordance with the Framework Agreement. Based on the Permittees' statement that they will not be able to meet the deadlines that they committed to in the Framework Agreement, the request is hereby denied.

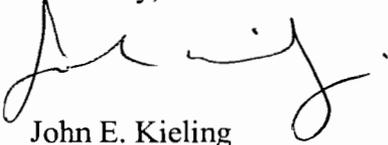

Messrs. Maggiore and Mousseau
