Dear Mr. Taylor and Mr. Jansen:

The New Mexico Environment Department (NMED) Hazardous and Radioactive Material Bureau (HRMB) is requesting that the Department of Energy (DOE)/LANL submit the IA Plans for TA-15 SWMUs 50-007(c) and 15-008(a) and the IA Completion Report for TA-35 SWMUs 35-003(d, l, and q, IA Plan dated August 1996). HRMB has identified these documents as a high priority for review and are placed on HRMB's EPA Grant for Fiscal Year 1997.

Under 40 CFR Part 270.30(a) *Duty to Comply* and 270.30(h) *Duty to Provide Information* of the Hazardous Waste Management Regulations, 20 NMAC 4.1, LANL shall submit the documents requested. Furthermore, LANL's Hazardous and Solid Waste Ammendment, Module VIII of the RCRA Permit, requires that for an interim measure, as defined in the letter dated April 10, 1997, to Messrs. Taylor and Jansen, the permittee will submit appropriate documentation to the Administrative Authority (NMED/HRMB) for approval. DOE/LANL has 10 days upon receipt of this letter to comply with the request.

Should you have any questions concerning this letter, please contact either myself or Ms. Teri Davis at (505) 827-1561.

Sincerely,
