1. **NMED Grant Commitment for Interim Action Reports.** LAAO and HRMB discussed two Interim Action Reports [PRS 15-007(c) and 15-008(b)] that are scheduled to be reviewed and approved/denied in Fiscal Year 1997 by HRMB under the EPA-NMED grant. The plans for this work were disapproved by LAAO, as they do not meet the requirements for Interim Actions under the LANL ER Project's Project Consistency Team policy. Under the terms of the grant, NMED may not substitute review of other documents in order to meet its commitments. The parties agreed that HRMB will utilize its RCRA authority to request information, and will send LAAO a letter requesting the plans. LAAO will then provide the plans in response to the request. LAAO will note the status of the plans in the transmittal letter. (ACTION)

ACTION ITEMS:

1. S. Dinwiddie will send T. Taylor a letter by April 11, 1997 requesting the subject plans.
2. T. Taylor and J. Jansen will respond to the request by April 16, 1997 by submitting the plans to S. Dinwiddie.

Recorded by: T. Taylor, LAAO
