Subject: Request for Extension to Submit the Summary Report for Direct Current Resistivity Profiling in Cañon de Valle

Dear Mr. Kieling:

This letter requests an extension from the May 30, 2014, date to complete the Summary Report for Direct Current Resistivity Profiling in Cañon de Valle to a new date of July 31, 2014. The U.S. Department of Energy and Los Alamos National Security, LLC, (DOE/LANS) request this extension under Section III.J.2 of the March 2005 Compliance Order on Consent.

This new date is the result of the impacts of funding commitments in the final part of fiscal year (FY) 2013, the lapse in appropriations in the first part of FY2014, and project execution risk resulting from winter weather conditions. A previous extension request, dated November 7, 2013, proposed completion of the summary report by May 30, 2014. However, because the safe execution of a geophysical study is predicated on good weather conditions, it was determined that fieldwork should begin in spring 2014. The geophysics subcontractor is scheduled to mobilize for this work on May 12, 2014.

If you have any questions, please contact John McCann at (505) 665-1091 (jmccann@lanl.gov) or Cheryl Rodriguez at (505) 665-5330 (cheryl.rodriguez@nnsa.doe.gov).

Sincerely,

Jeff Mousseau, Associate Director
Environmental Programs
Los Alamos National Laboratory

Sincerely,

Peter Maggiore, Assistant Manager
Environmental Projects Office
Los Alamos Field Office
