Barbara Hoditschek
Permit Program Manager
Hazardous and Radioactive Materials Bureau
TO: New Mexico Environment Department
1190 St. Francis Drive, P. O. Box 26110
Santa Fe, NM 87502

Dear Ms. Hoditschek:

The Los Alamos National Laboratory (LANL) is preparing a new closure plan for Material Disposal Area (MDA) P. This updated MDA P Closure Plan (Plan), is more environmentally sound and includes the entire MDA P (a larger area than in previous plans). It is scheduled to be delivered to the New Mexico Environment Department (NMED) on August 31, 1993.

We would like to involve NMED in the development of this Plan and would, therefore, like to meet with you to discuss possible approaches for the closure of MDA P. Brad Martin, the LANL Operable Unit Project Leader, will contact you to arrange this meeting.

If you have any questions please call Steve Slaten of my staff at 665-5050.

Sincerely,

Joseph C. Nozella, Acting Chief
Environment, Safety, and Health
Branch
