FROM: **John Kieling, LANL Facility Manager**

DATE: **February 26, 1997**

RE: **Request for Assistance with Plan Review and Monitoring of Field Activities at TA-16, V-site and Building 27**

---

Hazardous and Radioactive Materials Bureau requests the assistance of the DOE Oversight Bureau with regards to the review of the Voluntary Corrective Measures (VCM) Plan and monitor field activities at TA-16 V-site and Building 27 at LANL during plan implementation. LANL will be initiating its activities at TA-16 in conjunction with decommissioning and decontamination (D&D) activities to take place early this spring.
