SUBJECT: UPDATED REQUEST FOR SUPPLEMENTAL INFORMATION FOR REQUESTS FOR TA-33 AND TA-16

Dear Mr. Neleigh:

Please update the Requests for Supplemental Information (RSIs) for Technical Area (TA) 33 (reference EM/ER:97-477 and EM/ER:97-478) and for TA-16 (reference EM/ER:97-476) that were forwarded to your office by the New Mexico Environment Department (NMED)/Hazardous and Radioactive Materials Bureau (HRMB), with the enclosed documents and computer disks.

NMED/HRMB recently reported that they were unable to read the Microsoft Excel files which were provided on Macintosh diskettes with Los Alamos National Laboratory's recently submitted RSI responses for TA-33 and TA-16. The Laboratory then provided NMED/HRMB with updated files in a Quattro Pro format, which they could read.

In addition, during these discussions with NMED/HRMB, it was determined that the Laboratory had provided non-final versions of at least one RSI response to NMED/HRMB due to a clerical error. The Laboratory then hand-delivered the correct versions of the RSI response to NMED/HRMB. Please check the copies of the above RSI responses in your files against the enclosed documents to ensure that you received the correct version of these responses.

NMED/HRMB has requested that we provide your office with both the Quattro Pro files (in PC format) and the final RSI responses by submitting them directly to you.
