Dear Mr. Kieling:

RE: NMED LETTER OF MARCH 31, 1998 REQUESTING THE PAYMENT OF FEES FOR TA-16-388

This letter is a follow-up to our discussion earlier today. We discussed the letter referenced above. In particular we discussed the requested \$15,000 fee. I briefed you on a November 25, 1996 New Mexico Environment Department letter requesting \$49,000 for the TA-16 permit application. The Los Alamos National Laboratory subsequently sent a check (#761141) in the amount of \$49,000.

I understand that you will be forwarding an amended letter that withdraws the request for the additional \$15,000 based on our conversation. If you should have any further questions on this issue please feel free to contact me at (505) 667-0633.

Sincerely,

Jack Ellvinger
