Re: Interim Measure: Fencing outfall 21-011(k) in DP Canyon
Los Alamos National Laboratory (NM0890010515)

Dear Mr. Vozella:

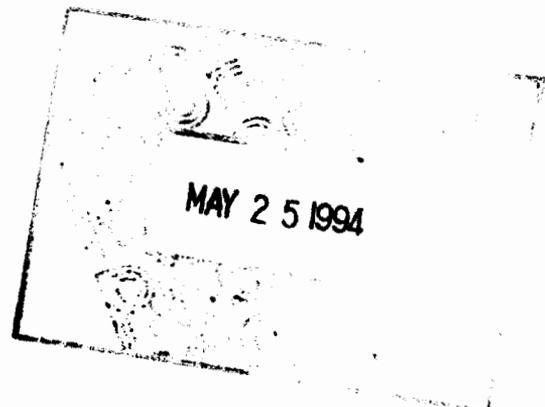

The Environmental Protection Agency (EPA) concurs with your proposed interim measure to fence the outfall 21-011(k) in DP Canyon. This measure should reduce the potential for exposure of recreational or casual visitors to any elevated levels of radiation from this area until the contamination at the site may be addressed.

Should you have any questions, please contact Barbara Driscoll at (214) 655-7441.

Sincerely,

for William K. Honker
