**SUBJECT: SAMPLING PLANS FOR POTENTIAL RELEASE SITES (PRSs)
21-024(i), 21-024(c), AND 21-027(a)**

Dear Mr. Neleigh:

In the response for Comment 2 of the Notice of Deficiency for former Operable Unit 1106, Resource Conservation and Recovery Act Facility Reports 1B, 1C, and Addendum 1B - 1C, the Los Alamos National Laboratory (Laboratory) committed to submitting three detailed phase II sampling and analysis plans by November 30, 1995. We would like to request an extension for the sampling plans PRSs 21-024(i), 21-024(c), and 21-027(a).

The sampling plans have been drafted and are undergoing Laboratory/Department of Energy review. Reviewers have provided suggestions for improving the quality of the plans. We are requesting an extension in order to incorporate their changes. We are requesting a new delivery date of January 31, 1996.

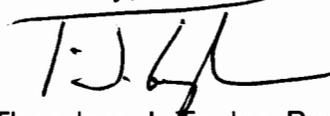

If you have any questions, please call Garry Allen (505) 667-3394 or Bonnie Koch (505) 665-7202.

Sincerely,

Jorg Jansen, Program Manager
Environmental Restoration

Sincerely,

Theodore J. Taylor, Program Manager
Los Alamos Area Office
