Dear Mr. Todd:

The New Mexico Environment Department (NMED) Hazardous and Radioactive Materials Bureau (HRMB) has completed a review of DOE/LANL's request for an extension for submittal of the Resource Conservation and Recovery Act Facility Investigation Report (RFI Report) due June 17, 1996. Technical Area 21 (TA-21) (Material Disposal Area V MDA-V) is to be covered in this report.

NMED's review considered timeliness of request, and the Technical Areas covered in the report. Review indicates that an extension of the submission date for this RFI Report until August 17, 1996 is reasonable.

Should you or your staff have any questions concerning this extension approval please contact myself or Robert S. (Stu) Dinwiddie of my staff at the above address or by telephone at (505) 827-1561.

Sincerely,

*Barbara Hoditschek*
