NMED is in receipt of the sampling notification for SWMU 21-024(f) dated December 11, 2002 (ER2002-0852). NMED does not intend to collect split samples during the purposed sampling event, therefore LANL may collect samples the week of December 16, 2002 (or sooner if scheduling permits). NMED requests that LANL staff verbally provide notification (as outlined in the LANL sampling notification) of the sampling event once it is scheduled. Should you have any questions, please feel free to contact me at 505-428-2546.
