Subject: MDA V: Questions/clarification on NOD

Remarks: Discussion of NOD comments

1) - Surface soil samples on slope and into canyon (DP) do cover both SWMUs. Nature and extent will be defined.

2) General Comment #3: BH-1 borehole will be 380' in center btw bed 2 + 3. Will do borehole in SW corner + where BH-1 currently is (both shallow). Take out hole btw beds 2 + 3.

3) General Comment #1: Map Features will be updated (utilities, SWMU boundaries, etc.)

4) ~~AOL~~ Specific Comment #1:

AOL C-21-015 has been NFA. The VCA reference (approval of plan) was inadvertently left out of desc. Clarification will be provided.

5) Sp. Comment #7:

Fax document to Becky for review. They have not received comments on vitrification Report.

6) Asked Becky about possible temporary storage at MOA V. She will get back to me.

Action Taken:
