**RE: DUE DATE AND NOTICE DATE FOR THE INVESTIGATION REPORT FOR
DELTA PRIME SITE AGGREGATE AREA AT TECHNICAL AREA 21, LOS
ALAMOS NATIONAL LABORATORY EPA ID #NM0890010515
HWB-LANL-04-011**

Dear Messrs. Gregory and Nanos:

The New Mexico Environment Department (NMED) approved the United States Department of Energy and the Regents of the University of California's (collectively, the Permittees) Response to the Notice of Disapproval (NOD) and *Investigation Work Plan for Delta Prime Site Aggregate Area at Technical Area 21*, dated March 11, 2005 and referenced by LA-UR-05-1696/ER2005-0128 on April 13, 2005. As required by the March 1, 2005 Consent Order (Order), the Permittees did not include a schedule for the submittal of the investigation report. As a reminder, the Permittees may not submit the results of the DP Site Aggregate Area investigation jointly with the Middle Los Alamos Canyon Aggregate Area investigation results as was proposed in the work plan. Therefore, the Permittees must submit the Investigation Report for Delta Prime Site Aggregate Area on January 19, 2006. The notice date for the investigation report will be April 19, 2006.

10827

Messrs. Gregory and Nanos
April 19, 2005
