**RE: REQUEST FOR AN ALTERNATE SUBMISSION DATE FOR THE DP SITE  
AGGREGATE AREA INVESTIGATION REPORT AT TECHNICAL AREA 21,  
LOS ALAMOS NATIONAL LABORATORY, EPA ID #NM0890010515  
HWB-LANL-04-011**

Dear Messrs. Gregory and McInroy:

The New Mexico Environment Department (NMED) is in receipt of the *Request for an Alternate Submission Date for the DP Site Aggregate Area Investigation Report at Technical Area 21*, referenced by ER2006-0118 and dated February 8, 2006. NMED acknowledges that the majority of the sites will have corrective actions conducted to remove all associated underground structures, and that these actions may take longer than standard investigation activities would. NMED therefore agrees that an alternate submission date is appropriate. However, even considering these factors, the Permittees' proposed timeframe for submission of the Investigation Report is excessively long. Consequently, the DP Site Aggregate Area Investigation Report must be submitted no later than November 7, 2007.

10899

Messrs. Gregory and McInroy
