Dear Mr. Gregory and Graham:

The U.S. Environmental Protection Agency (EPA) has completed its review of the above referenced document (dated May 8, 2009) and has determined the document to be approvable with one condition. EPA's condition is that if the area (Consolidated Unit 21-003-99 and SWMU 21-024(c)) to be excavated changes, then LANL must notify EPA of this change within seven days of the sampling results.

If you have any questions regarding the approval, please contact Rich Mayer of my staff at (214) 665-7442.

Sincerely yours,

Troy Hill, P.E.
