Subject: 30 day notification for D&D activities

Mr. Kieling,

The purpose of this email is to submit a 30 day notification of buildings or fixed structures for D&D activities. This notification is sent in response to NMED's letter of April 21, 2010 requesting a 30 day notification on the following buildings prior to demolition:

TA-21-312, TA-35-256, TA-48-46, TA-52-35 and TA-52-36.

Previously identified buildings in this letter for 30 day notification are:

TA-21-155
TA-21-213
TA-21-312

NMED received notification on D&D activities for TA-21-155 and TA-21-213 in letter EP2010-0043 on February 1 ,2010.

Additionally, notification for TA-21-213 was received by NMED on November 12, 2009 in referenced letter EP2009-0605.

NMED received notification on D&D activities for TA-312 in letter EP2009-0574 on October 29, 2009.

LANL is also reporting a 30 day notification for building TA-54-62. This building was not on the quarterly update as funds had not been secured for the D&D work. Funds are now available and LANL respectfully submits this email as notice.

A formal notification via letterhead will be sent next week.
Thank you for your attention to this matter.

Should you have questions please do not hesitate to contact me at cjuarez@lanl.gov or 667-4961. Jack Ellvinger can be contacted at jee@lanl.gov or 667-0633.

Thank you,
