**Subject:** Land Transfer Tract A-8b

Vicki

NMED has received DOE's land transfer request for Tract A-8b dated 9/6/12. In accordance with Section III.Y.1.a of the Consent Order, NMED, DOE, and Los Alamos Public School representatives should meet to discuss the intended use of the property.

I'm available all next week except 9/27 am. Please let me know of your availability and the LA Public Schools. I think we could discuss this in a phone conference.

Could you please provide me with the contact information for LA Public Schools contact person.

Thx, Neelam
