

19 December 1949

Thomas N. White Group Leader H-1

Charles D. Blackwell Monitoring Section H-1

SPECIAL T. A. 33 EXPERIMENT ON DECEMBER 19, 1949

Ref: H-1

An experiment as described in a memo to your office from Carl Buckland dated November 14, 1949, was carried out on this date under the direction of Commander James D. Gre.

Rubber gloves and Scott Air-Paks were worn during monitoring operations. The assembly remained intact and no counts were found after the experiment. The personnel were monitored and no counts were found.
