Subject: 33 site visit

Hi Paula

Thanks for taking the time to meet with me yesterday at 33-013 and showing me the remediated site. And thanks for pointing out that the references to the Tables in the Remedy Completion Report were, in fact, correct. With the exception of changing the end date of the construction activities on p. 6 from July 20, 2006 to July 20, 2005, the report is complete and correct and has been approved. There is no need to resend a replacement page. I look forward to a discussion of 33-002(a)-99 when appropriate. Please feel free to contact me any time if you have further questions. (I will be out of the office from Friday, Sept. 15 until Monday, Sept. 25).

Thanks,
Mark
