

OFFICE MEMORANDUM

W. J. Weber, H Division Property Office

DATE: October 15, 1961

FROM : Dean D. Meyer, Group Leader, H-1
SUBJECT: REQUEST FOR PLYWOOD
SYMBOL : H-1

Please order 22 pieces of 3/4" exterior plywood approximately 4' x 4'. A standard 4' x 8' sheet can be cut to make two pieces. The dimensions are not critical, therefore an inch either way will be satisfactory. These are to be delivered to the Ten Site contaminated waste burial area (see John Enders).

Also have ENG-4 procure and drive 88, six foot standard steel fence posts around disposal holes in the above area. Check with John Enders for details of location.

We will also need 350 feet of chain such as brass, single jack, size 16. Deliver this to John Enders who will install it when the posts are in position.
