

OFFICE MEMORANDUM

TO : Distribution

DATE: February 20, 1970

FROM : Engineering Department

SUBJECT: MATERIALS DISPOSAL AREAS: DRAWING ENG-R 102 (REVISION 15)

SYMBOL : ENG-3

*File 1757*  
*Feb 25/70*

*1205*  
*TA 35*

For your information and retention we are transmitting herewith copy of the subject map, which has been revised to include two additional disposal areas, which are identified as areas "X" and "Y".

Area "X" is the Reactor Pit south of Building TSL-2, TA-35, consisting of tanks 2, 3, and 4, at the exterior southeast corner of Building TSL-2, Pump Pit TSL-28, and the LAPRE II installation.

Area "Y" consists of area designations: Area-1; Area-2, 2-A, and 2-B; Area-4; and Area-11, at TA-49, Frijoles Mesa Site.

Please advise this office if you are aware of any other areas where hazardous materials have been disposed of, so that we may include them on future revisions of the map; if additional copies of this drawing are required, please contact this office. The drawing in its present form is unclassified.
