Dear Ms. Driscoll:

Enclosed is a copy of the Los Alamos National Laboratory (LANL) Research, Development and Demonstration draft Permit which the Hazardous and Radioactive Materials Bureau proposed for public notice on November 30, 1993. The draft Permit is for a Hydrothermal Processing Unit which will be used in experimental destruction of hazardous waste generated at LANL. Also enclosed are fact sheet, and related correspondence. We would appreciate receiving any comments that you may have by January 14, 1994, the end of the public comment period. We apologize for the belated dispatch of this document to you.

If you have any questions on the draft Permit, please contact Cornelius Amindyas at (505) 827-4308, or at the address given below.

Sincerely,

Barbara Hoditschek, RCRA Permits Program Manager  
Hazardous and Radioactive materials Bureau
