Mr. Benito Garcia
NMED-HRMB
P.O. Box 26110
Santa Fe, NM 87502

SUBJECT: FIELD UNIT 4 IA AT TA-35

Dear Mr. Garcia:

Field Unit 4 is planning to start interim action activities at Technical Area (TA) 35 on or about August 30, 1996, through approximately September 11, 1996. Activities will include backfilling and compacting erosion channels at the east end of TA-35, at the head wall of Pratt Canyon; the relocation of the storm water discharge to Ten Site Canyon, which includes the construction of 2 drop inlets and placing 24-in. corrugated metal pipe and rip-rap at the discharge point; and the construction of a 2-ft-high berm along the west and south sides of the site.

If you have any questions or concerns, please feel free to give me a call at (505) 667-0819.

Sincerely,

David McInroy
