

LOS ALAMOS AREA OFFICE  
OFFICE OF THE ASSISTANT MANAGER FOR ENVIRONMENT AND PROJECTS

MEMORANDUM

TO: BENITO GARCIA  
FROM: JOE VOZEL *JV*  
DATE: AUGUST 28, 1996

SUBJECT: DELAY IN TRANSMITTAL OF RFI REPORT FOR TECHNICAL AREA 35

This memorandum summarizes our telephone conversation of today. The LANL Environmental Restoration Project is scheduled to transmit to your office for review on September 6, 1996 an RFI Report for Technical Area 35, Potential Release Site Numbers 35-016(a,c,d,m, and p) and C-35-007. This report is incomplete in that data and analysis for radiological parameters cannot be included, because of errors that occurred in processing the data at the LANL analytical chemistry facility.

I request an extension of the due date of September 6, and as you suggested I request a meeting with you to discuss (1) reasons for the errors, (2) a schedule for resampling and analysis and preparation of revisions to the report, and (3) a new due date. It would be convenient for me to meet with you in the morning on either September 5 or 6. I will contact your office to arrange a meeting with you and Ms. Barbara Hoditschek of your staff.

Thank you for your consideration in this matter.
