HRMB is also concerned that DOE/LANL failed to provide the Completion Report within a reasonable time frame after the performance of the IA. The Permit does not specifically outline a time frame for the submittal of "appropriate documentation" for interim actions; however, the Interim Action Completion Report was submitted to DOE in September 1996. Assuming 1 month is a reasonable review time for this type of activity, it appears that the submission of the document to the Administrative Authority was over 6 months delinquent.

Should you have any questions regarding this letter, please contact me or Mr. John Kieling, HRMB's LANL Facility Manager, at (505) 827-1558.

Sincerely,
