Morning John,

A traveler bottle was dropped during sampling of R-14 and we will attempt to fishing it out this week with a tool that Westbay provided. I will keep you informed of progress.

How is the review of the Facility Wide Monitoring Plan going on your end John?

Take care,

ARG

Armand,

What "repairs" are scheduled for R-14?

Thanks and have a good weekend.

John et al.,  
Attached is the field schedule for the week of October 24, 2005. No samples will be collected this week; groundwater level field tasks are scheduled.

Please contact me if there are questions.

Have a good week all,

ARG
