RE: TA-40 Scrap Detonation Site Closure Plan Approval

Dear Mr. Bellows:

Enclosed is a copy of the Approved Closure Plan for the TA-40 Scrap Detonation Site located at Los Alamos National Laboratory (LANL). The public comment period ended on September 2, 1991 with no comments received. Therefore, no changes were made in finalizing the closure plan.

The effective date of the Approved Closure Plan is September 30, 1991. This is the date that the New Mexico Environment Department (NMED) will begin tracking LANL's compliance with the closure schedule of activities (Figure 6.1 of Section 6, page 2).

If you have any questions, please contact Mr. Marc Sides of my staff at (505) 827-2929.

Sincerely yours,

Kathleen M. Sisneros, Director  
Water and Waste Management Division
