Dear Mr. Olson:

SUBJECT: DISCHARGE PERMIT RENEWAL APPLICATION (DP-857), TA-46 SWWS PLANT, PUBLIC NOTICE SIGN LOCATIONS

Los Alamos National Laboratory (the Laboratory) is in receipt of your September 10, 2010, letter regarding the June 30, 2010, Discharge Permit Renewal Application (DP-857) submitted by the Laboratory and the National Nuclear Security Administrations (NNSA) for the Technical Area (TA)-46 Sanitary Wastewater Systems (SWWS) Plant. You notified LANL that the New Mexico Environment Department (NMED) determined that the above referenced application was administratively complete. In addition, you provided LANL with instructions and materials necessary to implement the public notice required by Section 20.6.2.3108 NMAC. As required by regulation, this letter provides specific public notice sign locations for your agency's review and approval.

As shown in the attached map (Enclosure 1), the Laboratory proposes to post a 2 X 3 ft public notice sign in 40 sections across the facility. The location of each sign is indicated on the attached map. In addition, the table below provides more detailed information on each location. Please confirm that these posting locations are acceptable to your agency.
