

OFFICE MEMORANDUM

of Bill*

TO : Dean Meyer, H-1 Group Leader

DATE: 3/18/57

FROM : John Enders, H-1

SUBJECT: Disposal of government property into the Contaminated Dump.

SYMBOL : H-1

There are occasions when other members of H-1 Group have disposed of property into the dump and have executed form #252, (Condemnation and Disposal of Contaminated Property).

Usually, when this happens, this office is notified by phone so the nature of the material and its location in the Dump can be written in the Dump log book.

As an added precaution to make sure that this information gets to this office I would like to propose that any material placed into the Dump (whether or not government property (of class A,B, etc.,) be described by the person verifying its disposal and giving its location in the Dump (area letter, pit number, layer # and post #) in writing to this office.

The above information can be written on form #252 in the lower right hand corner of all copies.
