Subject: Disposal Wells in Area C not shown on Eng drawing # Eng R.

The above subject wells are located between pits #4 & 5 Area C. There were 12 wells dug (2 ft. in diameter by 12 ft. in depth). Holes were located directly north of numbered metal stakes (#11 through #22)

These wells were used from 9/22/58 through 10/29/59. Material placed in these wells is documented in L.A. Notebook #9593, page #120.
