

OFFICE MEMORANDUM

202

TO : S. E. Russo, ENG-3 Group Leader

DATE: May 5, 1965

FROM : Dean D. Meyer, H-1 Group Leader

SUBJECT: DISPOSAL WELLS FOR CONTAMINATED WASTE

SYMBOL : H-1

1327
TA 50

We estimate that the disposal wells in Area C of the contaminated waste disposal area will be full by the end of this year. The general opinion seems to be that when these wells are full we should close out Area C and move all our contaminated waste disposal operations out to the Mesita del Buey area (Area G).

Will you please prepare a layout for disposal wells in Area G, using the same spacing as we had in Area C.
