Dear Ms. Reeves:

Enclosed is a copy of the revised permit for Los Alamos National Laboratory which addresses the Hazardous and Solid Waste Amendments (HSWA) of 1984 to the Resource Conservation and Recovery Act (RCRA).

Please attach these pages to the full RCRA permit in your repository. These pages replace pages 1 through 49: the title on the first page is "SPECIAL CONDITIONS PURSUANT TO THE 1984 HAZARDOUS AND SOLID WASTE AMENDMENTS TO RCRA FOR LOS ALAMOS NATIONAL LABORATORY." Please discard the old copy and replace with these pages, to be available until July 7, 1989 for public review.

Sincerely yours,

Bill Gallagher, Chief
RCRA Permits ALONM Section
