HAZARDOUS WASTE SECTION

Dear Mr. Crossman:

Dr. Liz Gordon, an associate of Richard Mityfellt, (phone # 827-2850) referred me to write you of my concerns that radioactive waste Not be allowed to burn in New Mexico's air. I requested Dr. Gordon issue an emergency order to prevent burning of radioactive, HAZARDOUS waste until the State of New Mexico can adopt standards in public forum. I believe the authority to issue the emergency order is from New Mexico air quality Sec. 74-2-10. I will plan on attending a July 18 hearing on this matter at 9:00AM Rannels auditorium at 1190 St. Francis Dr, S.F. N.M.

Thank you and I anticipate your cooperation.

Sincerely,

Jeanette Fraser
