Letter from Zuni Pueblo children to protest nuclear technology  
its implications for the nation and the earth.

Dear Mr. Mitzel:

I am writing with great urgency to demand that EID issue an emergency order to prevent all incineration of radioactive waste in the state of New Mexico until standards can be established with public approval. I also demand that standards and the hearings to determine those standards include both radioactive and

hazardous wastes.  
Our land, air and water are precious.  
Protection is essential!  
Respectfully yours,  
Elizabeth E. Bear.
