

July 9, 1989

Dear Director of the Environmental Im-
provement Division (EID)

Please, do demand that EID issue an
emergency order to prevent the burning
of radioactive waste (by authority of the
N. M. Air Quality Control Act, Section 74-2-10).

I also request that any hearing relating to
the incinerator should include the hazardous waste
& and radioactive permits. Sincerely, Jason Johnson
