Richard Mitzelfelt, Director  
Environmental Improvement Division  
1190 St. Francis Drive  
Santa Fe, NM 87503

Dear Mr. Mitzelfelt:

I am writing to urge you to  
take a leadership stand to prevent  
the burning of radioactive waste.

On behalf of our health and  
safety I urge you to call for an  
emergency order under Sect 74.2.10 of  
NM Air Quality Control Act to halt  
all such burning.

Radioactive & hazardous permits  
should also be heard at public  
hearing relative to the incinerator.  
Thank you for your leadership in  
this area of concern. This is a crucial

matter affect is all of us who live  
in and love New Mexico + deserve  
happy, healthy lives.

Sincerely,

Susan Mikulka
