1810 CALLE  
DE SEBASTIAN C2  
SANTA FE NM 87501

July 12, 1989

It is imperative that the EID issue  
an emergency order under the NMA Air  
~~Quality~~ Quality Control Act to prevent  
the burning of radioactive waste before  
standards to regulate such burning  
are adopted. Hearings should cover both  
hazardous waste & radioactive permits
