EID DIRECTOR

Dear Richard Mitzelfelt,  
Please! this letter is to demand that the EID issues an emergency order (by authority of the N.M. Air Quality Control Act section 74-2-10) to prevent the burning of radioactive waste until the state of New Mexico can adopt standards in a public forum to regulate it. I demand that any hearing relating to the incinerator should include both the hazardous + radioactive permits.

Thank you for your consideration  
Hilary Bennett
