Re: Request for Public Documents

Dear Ms. Hoditschek:

The Idaho Department of Health and Welfare, Division of Environmental Quality (DEQ) hereby requests a copy of the portions of the permit to construct an incinerator at Los Alamos, New Mexico that your agency issued to the United States Department of Energy which relate in any way to hazardous materials and/or radionuclides. My understanding is that these portions will total approximately 200 pages.

DEQ also hereby requests that your agency waive any copying or handling fees since DEQ is a state governmental agency. If your agency denies DEQ's request for a fee waiver and the fee will exceed \$35.00 or if you have questions, please call me before you prepare the copies.

Thank you for your assistance.

Sincerely,

Lore Bense
Deputy Attorney General
