Dear Ms. Hoditschek,

On behalf of the Controlled-air incinerator staff, I would like to thank you for the opportunity to discuss issues surrounding the CAI and its operating permit. I personally look forward to future interactions with you and the staff at NMED to ensure that the CAI portion of LANL's Hazardous Waste Permit is accurate, viable, and provides appropriate protection of human health and the environment.

The staff at the CAI would also like to extend an open invitation for you and any other interested individuals to tour the facility at your convenience. Please contact myself at 665-8773 or Kathy Elsberry at 665-4686 to arrange a tour.

Respectively,
