Dear Mr. Ribe:

Enclosed is a copy of the proposed modification to the Hazardous Waste Facility Permit for Los Alamos National Laboratory concerning the verification of the Destruction and Removal Efficiency of the Controlled Air Incinerator. Also included is a fact sheet and a sign-up sheet. Would you please make these documents available to the public during your normal business hours for the public comment period running from February 10 through April 11, 1995? We would appreciate it if you could return the sign-up sheet to us after the comment period has ended, and have included an addressed envelope for this purpose.

If you have any questions, please contact Steve Zappe at (505) 827-4308.

Sincerely,

Barbara Hoditschek
